

Good morning to all distinguished parents, teachers and guests, and a big hello to all my friends. First and foremost, I would like to thank everyone for taking your time to attend KO Tuition Club's [KOTC] Annual Prize Presentation Ceremony. I am Alice Ng from Peiying Primary School.

As I look back, I noticed, time flies really fast. I have already completed my six years of education and is now about to move on to my secondary school. When I was a Primary one kid, all I had ever thought about was having fun. However, now I have goals and dreams to reach out for. **Life is like a book, many fun-filled chapters are packed in it.** I have just finished the first chapter and is moving on to the next.

"Our greatest glory is not in never falling, but in rising every time we fall." Confucius once said and I now quote. Through my years of education, I had met many obstacles, and I couldn't have overcome it without the help of my teachers, family and friends. First of all, I would like to thank my sisters. Whenever I felt stressed, they would never fail to cheer me up and think of some ways to make me smile.

Next, I would like to thank my great teachers in school and KOTC. Peiying was a school that I would never forget, a school that has brought me here today. I would like to thank Mrs Lee-ong, my Math and Science teacher. She would always make lessons fun and she is a compassionate teacher that I would always remember.

KOTC has helped me reach my desired goals, thanks to Mr. Ong and Ms. Yee. Ms. Yee has helped me to improve my English. She is a wonderful teacher who taught me methods to answer difficult questions. Mr. Ong is a humorous teacher who teaches me Math, Science and English. I remember the times where I couldn't solve some Math questions. Mr. Ong taught me the methods and did not tell me the answer. This way of teaching has led me to ace in my Mathematics. Mr. Ong is a role model that I should look up to.

Last but not least, I would like to thank my close friends, whether tuition or school. You guys had turned me into a confident person. We laughed together, cried together and helped one another. I owe my biggest thanks to you guys.

On a final note, I want to congratulate all prize winners and end the speech with a quote from Wilma Mankiller :**"The secret of our success is that we never, never give up."** I hope you understand the power of not giving up. I wish all the best in what you do. Thank you!
