

Koh Yi Hui
Jiemin Primary School
Valedictorian Speech

Good morning to all valued teachers and parents, as well as a big hello to our fellow friends. First and foremost, I would like to thank everyone for turning up. Without further ado, I shall introduce myself. I am Koh Yi Hui, going to a secondary school soon.

Many of my fellow primary 6 friends are graduating from our various primary schools. Looking back, time has flew by quickly. I still remember the time when I first stepped into primary school, surrounded by many wailing children. Emotions of terror swept through me at the start of a new chapter in life. 6 years later, the same thing is about to happen as everyone in Primary 6 awaits their school posting results.

An unknown future lies ahead of us as we all proceed with our lives. Though moving forward, we should never forget our past. Those who helped us to get us to where we are today- our parents, teachers in both our primary schools and KO Tuition Club. Not forgetting our friends, who were always here for us. They laughed with us, cried with us, shared weal and woe with us. Here, I would like to give everyone a big thank you!

The end is the beginning and change is the only constant. Though the primary school chapter has closed, the next part of our education in secondary school will soon begin. I wish everyone well at the start of this new chapter.

Last but not least, congratulations to all prize winners! Thank you for your kind attention!
